District Statistics*

D11NR VSC PRODUCTION THRU February 28, 2022*

PAC AREA Statistics

PAC AREA VSC's Thru February 28, 2022*

There is no VSC goal for 2022 in D11NR. The data source is AUXDATA2*. Additional stats from AUXDATA2* indicates that 68 or 84% have passed the VSC, 25 or 30% are First Time VSC's, and 36 or 44% are High Focus VSC's. In addition 20 Paddlecraft VSC's have been performed, which is approximately 25% of our total VSC production. We currently have 195 ACTIVE Vessel Examiners (VE's)

*Current statistics shown in AUXDATA2 thru February 28, 2022.

Congratulations!

Congratulations to the following member(s) who have achieved the **20+ VSC** plateau for **2021**. This brings our total to **1** examiner(s) for **2021** who are part of an elite group- approximately **0%** of our D11NR Vessel Examiner membership (**195**). These members have received special recognition and their names are listed on the member recognition page: <http://rbsafety.d11nuscgaux.info/ve/recognition.html>

VSC Questions

-These are actual questions from VE Exam Version "E" dated 2014. Answers can be found in another location in the report.

1. Every documented vessel must have an official number _____

- a. Clearly marked on the exterior of the hull.
- b. Displayed near the hull identification number (HIN).
- c. Marked by any permanent method in some clearly visible interior structural part of the hull.
- d. Displayed with the state registration number on both sides of the forward half of the vessel.

2. If a vessel is required to be registered and to display the registration numbers, to be eligible for the VSC decal these numbers:

- a. Must have spaces or hyphens that are equal to the width of a letter (other than "I") to clearly separate the letter and number groupings and be at least 3" in height.
- b. Must read from left to right on the port side and right to left on the starboard side.
- c. May use any type style as long as it contrasts to the color of the hull.
- d. All of the choices.

National and District News

National News

NEW -As in 2021, the National V-Dept has released a required 2022 workshop with a self-attestation form. The new 84 slide power point workshop covers updates on COVID guidelines, the new "I want a VSC" site, uniform info, VSC's on vessels over 65', Life jackets, ECOS, Virtual VSC info, Facility info, Recalls and safety defects, and Paddlecraft. Most of the information is review with a few new updates. PLEASE take about 20-minutes and complete this before the boating and VSC season gets underway. You can even download and complete the workshop on your smart phone as I did!

Please see the screen and link below. Finally, thanks to Jan Jewell ADSO-VE/CS, a link to the workshop is on your D11NR Vessel Examiner (VE) website:

<http://rbsafety.d11nuscgaux.info/ve/recognition.html> In addition, the self-attestation form for 2022 is also located there. As in 2021, PLEASE print and fill in the required information and submit it to your FSO-VE.

If you have any questions, please don't hesitate to contact me.

Regards,

Mike Lauro DSO-VE

NEW- "As you are no doubt aware, Paddle craft are a quickly growing area of recreational boating activity. To increase the focus on this growing community, DIR-V has authorized the Incentives Division (VI) to conduct a Directors Coin Challenge.

National will reward each Districts' Top Paddle craft Vessel Examiner (VE) with a DIR-V Coin. Data will be collected by the VI Division from AUXDATA II for the period 1 Jan 2022 to 31 Dec 2022. Coins will be distributed at the end of the month of February 2023 and the DCO and DSO-VE will receive notification of the winner."

" A complete revision of the National Testing Center VE Qualification Exam was completed. During the process, your comments and recommendations were incorporated. All the existing questions and answers were reviewed for completeness and accuracy. Revisions were made, as required. Additional questions were added to verify the potential VE has a current understanding of VE issues and procedures. The exam is been uploaded and should be online imminently. This follows a revision and update to the VE Practice Exam earlier this year.

A reminder that the Vessel Examiner Program/RBS Program Visitor Ribbon is only to recognize VEs and RBSPVs. It cannot be awarded for qualification as a Commercial Fishing Vessel, Uninspected Passenger Vessel, or Uninspected Towing Vessel Examiner. This is because the CFV, UPV and UTV are programs in support of Coast Guard activities while VSC are authorized by Auxiliary Sector Commanders. In addition, the examiners for Coast Guard programs are recognized via the Marine Safety Training Ribbon.

A recent manipulation of the email functionality of the "I Want a VSC" occurred resulting in the system being taken off-line until the situation can be corrected. There was no data breach. You will be informed when the situation has been corrected."

"The California State Parks, the California Coastal Commission and The Bay Foundation in partnership with your organization are ready to start promoting our 2022 Dockwalker trainings. In 2022 we are offering a hybrid model combining virtual and some in-person Dockwalker trainings. During the virtual trainings (through the Zoom video conferencing system) the instructor will be live and participants will be able to ask questions! A reminder to current Dockwalkers, if you were trained 3 years ago it is time to get recertified. Even during the COVID-19 pandemic, boaters continue to recreate in California's waterways. As such, the need to share clean boating practices with California's recreational community, while abiding to COVID-19 guidelines, remains important. *Last year thanks to your efforts, we were able to safely share clean boating practices and distribute the CA Boater Kits among 5,500 California Boaters throughout the state!*

For more information including dates, times, and locations, please contact: Vivian Matuk @ vivian.matuk@coastal.ca.gov at the California Coastal Commission, or https://dbw.parks.ca.gov/?page_id=29230

-PLEASE do NOT wear boots to climb aboard a vessel to perform a VSC. Our program allows for deck shoes, white or black tennis/walking with soft soles. If this is not an option, please consider purchasing disposal shoe/boot covers available in the paint or hardware dept. at Wal-Mart, Lowes, Home Depot, etc, a package of 6 for under \$10.

-A special request from the Director's office; PLEASE have the qualifying members 7038 with the 5 VSC's entered into AUXDATA by the FSO/SO-IS PRIOR to submission of the MT-2 to the Director's office.

DID YOU KNOW *reindeer like bananas!*

Let's work together for our safety and the safety of others by setting an example and wear our lifejackets while performing VSC's especially when working around docks and when climbing aboard large vessels!
